

## Video 17 -

# Focus, You Won't Succeed Without It

## Discussion Questions

1 - Why it important to surround ourselves with pictures of our goals?

2 - (Pair and Share) Tell the person next to you of some of the pictures you have of your goals. Maybe they are in your bedroom, on your desk at home, or even scrolling on your screensaver.

If you don't have any pictures of your goals up where you can see them every day, what are some pictures you might start hanging up in your room?
